Dear Tara,

I want to thank you so much for the extraordinary effort and tremendous work performed by you and your staff, to help us re-file twelve years (2000 through 2012) of 5500 filings for our company's pension plan with the DOL. As you know the DOL levied a \$150,000 penalty against us for failure to file our returns for more than a decade. Before the DOL would even consider a reduction of the penalty we were required to re-file the 5500s for all twelve years, but they gave us less than a week to do so.

Because you were able to file all of our late returns in just 2 days the DOL reduced the penalty against us from \$150,000 to just \$3,000!

In addition to pulling off a near miracle, in a situation where we were willing to pay just about anything to get into compliance with the DOL, you also only charged us your normal filing fee.

Words cannot express our deepest appreciate and gratitude for what you and your team were able to do for us. We are a small business and a \$150,000 fine would have crippled our company. Thanks to you we not only avoided disaster, we also reestablished our credibility with the DOL.

Thank you again for everything you did for us, we are forever in your debt.

Warmest regards,
